

## HOW ECO-FRIENDLY ARE YOU ?

Let's interview people about their everyday habits.

A/ Look at this mindmap. List the areas in which people can have an impact on an everyday basis to preserve the environment :

- when you travel
- at home
- when you buy food / eat
- when you go shopping
- at work
- in your garden
- the energy you can save
- your personal implication

B/ Write a few questions to ask to your penfriend, your parents, your neighbours, your teachers, your friends to know how eco-friendly they are. To help you, here's a possible question :

1. How do you get to school / work ?
  - You go by bus / by train
  - You walk
  - You go by car
