

Summarizer and Reference Master

- ✚ You are the **summarizer**. Find the key points that everyone must know to understand the story.
- ✚ Be ready to retell the story in a 1 to 2 minutes' summary in your own words. Write down only key words to guide you.
- ✚ Ask your group to complete your summary if they think some key elements are missing.
- ✚ Besides, as the **reference master** you are also in charge of introducing the writer's biography. You can find helpful information here :

- ✚ Try to find out who or what was an inspiration for Nadine Gordimer to write her books. <http://www.achievement.org/autodoc/page/gor1int-2>: 'Who did you find inspiring as a young person? Was your mother an inspiration to you?' So, what is her advice to learn the art of writing?
- ✚ Provide your group with some information about an event that probably marked her for all her life: <http://www.achievement.org/autodoc/page/gor1int-4> 'Your family home was raided by the police when you were a teenager. Do you recall that experience? Were you home at the time?'
