## ☞ 'Why chicken means so much to me' (Chapter 2)

Well, let me think...

First of all it is clear that.../ it is obvious that the chapter is about... (food).

As the title refers to 'chicken', the chapter **must** be about...

The chapter **surely** deals with...

The chapter **certainly** deals with...

The chapter **is likely to** be about...

The title **sounds funny** because chicken is very common / very trivial and it is not supposed to *mean much* to anybody. Arnold could have said 'Why *basketball* means so much to me or 'Why *cartoons* mean so much to me' but he chose to mention '*chicken*' instead. **So it makes us smile but** at the same time **it arouses our curiosity. I think it is a good hook because** it sounds weird and mysterious.

**Judging from the title** we **can suppose** that Arnold... (is fond of chicken).

Arnold **clearly suggests that...** chicken plays a very important part in his life.

We **may** **assume** that something extremely important happened to him and that **it had to do with** chicken.

We **can** **also** imagine that...

**Actually, the title is quite strange...**

It is hard to tell what the title means exactly but **as** it starts with the word '*why*', we **can** guess that the chapter will **provide us with explanations.**

**Perhaps** 'chicken' **reminds** Arnold of a very important event / incident in his early childhood.

**Maybe** Arnold's mother had a very good chicken recipe or chicken was the whole family's favorite dish.

Personally I don't like chicken very much, I think it is rather tasteless, so I don't really see why Arnold cares so much about it but reading the chapter will enlighten us!
